

## **ReWild – Products and Services Pricing 2023**

### **1. Consultation \$80/hr**

Custom soil restoration plans with Colleen Dempster, M.Sc. Environmental Science, Post-grad. Certificate in Ecosystem Restoration, ISA-Certified Arborist, Certified Soil Food Web School Laboratory Technician.

May include:

- Site visit(s), Sample collection,
- Creation of a soil restoration plan,
- Help developing your own compost/tea/extracts,
- Presentations/outreach.

### **2. Soil or Compost Microbiology Analysis, \$120/sample or \$100/sample for 3+**

Includes:

- Number of active bacteria, fungi, protists, nematodes,
- Fungal to Bacterial Ratio (F:B),
- Interpretation of relative proportions of detrimental versus beneficial microbes and
- Notes of texture, odour, colour and other general observations.

### **3. Soil or Compost Nutrient Analysis, \$100/sample**

Includes:

- Concentrations of macro-and-micro-nutrients (Phosphorus, Potassium, Magnesium, Calcium, Sodium, Ammonium acetate, Aluminum),
- Other parameters such as Soil pH, % Organic Matter, Cation Exchange Capacity,
- Overall soil health indices.

### **4. Compost Tea or Extract, \$60/5gal or \$100/10gal**

- Made with Colleen's high quality, thermal-aerobic compost, which is monitored regularly. All microbial products are quality-controlled under a microscope.
- At a 20gal/acre application rate, 5gal (19L) treats 0.2 acres (800m<sup>2</sup>).

### **5. Soil Consultation Package, \$500\***

Includes:

- 30min consultation,
- A site visit and sample collection\*,
- 2 Microbial Analyses,
- 2 Nutrient Analyses,
- A comprehensive report explaining results and outlining recommendations for treatment, and
- A 10% off voucher for your next compost tea/extract.

*\*A fee of \$2/km to cover gas and time may be added based on distance to site from Uxbridge Ontario.*

### **6. Colleen's Compost and Mike's Magic Mulch coming in 2024.**
